INDEX

VOLUME 60, 1984

A

Abernethy, David S. The regulatory strategy; hospital reimbursement and planning in New York, 28

Abramson, Allan L. Carbon dioxide laser arytenoidectomy, 825

Abramson, Allan L., 525, 825

Abramson, David H., 961

Abumrad, Naji N. Molybdenum—is it an essential trace metal? 163

Academic medicine: the conflict between house officers and attending physicians, Practice versus theory in. Eric J. Cassell, 297

Aconite: a case study in doctrinal conflict and the meaning of scientific medicine. John S. Haller, Jr., 888

Advances in cataract surgery and the management of aphakia. Michael J. Newton, 441

Aged and disabled, Medicare, the. Robert A. Derzon, 66

Air pollution, Resolution concerning federal legislation and research on indoor. The Committee on Public Health of the New York Academy of Medicine, 106

Aldo Castellani: 1874–1971. Kasuke Ito, 1011

Alfrey, Allen C. Aluminum toxicity, 210

Aluminum toxicity. Allen C. Alfrey, 210

Ambulatory care, Block grants in: the role of local health departments. Stuart H. Shapiro, 34

Anesthesia for intracranial vascular malformations. Elizabeth A.M. Frost, 759

Anniversary discourse. John J. McLaughlin, 777

Antibiotics in pediatric patients, A perspective on new beta-lactam. John D. Nelson, 374

Antibiotics in the treatment of infections in compromised hosts, The role of the newer beta-lactam. William H. Greene, 426

Antibiotic prophylaxis in surgical patients, Current status of. David N. Gilbert, 340

Antibiotics, Toxic and adverse reactions encountered with new beta-lactam. Michael F. Parry, 358

Antimicrobial therapy, How the microbiology laboratory can improve. John A. Washington II, 314

Aphakia, Advances in cataract surgery and the management of. Michael J. Newton, 441

Arsenic, and silicon in total parenteral nutrition, Fluoride, vanadium, nickel. Forrest H. Nielsen, 177

Artery compression of the trachea, Innominate. Barry L. Wenig, and Allan L. Abramson, 525

Atropine and glaucoma, Systemic. Scott H. Greenstein, David H. Abramson, and Reed W. Pitts, III, 961

Arytenoidectomy, Carbon dioxide laser. Allan L. Abramson, 825

Availability and physiochemical stability of zinc and chromium in total parenteral nutrition solutions. George Tsallas, 125

B

Beam, Thomas R., Jr. Cephalosporins in adult meningitis, 380

"Bedside manner?" High tech: can it ever replace the. Harold Burson, 247

Bergen, Stanley S. Book review. Irvin J. Lewis and Cecil G. Sheps: *The Sick Citadel*, 951

Berliner, Robert W. The medical school years: education or training? 260

Beta-lactam antibiotics in the treatment of infections in compromised hosts, The role of the newer. William H. Greene, 426

Beta-lactam antibiotics in pediatric patients, A perspective on new. John D. Nelson, 374

Beta-lactam antibiotics, Toxic and adverse reactions encountered with. Michael F. Parry, 358

Block grants in ambulatory care: the role of local health departments. Stuart H. Shapiro, 34

Blum, Lester. An eighteenth century health care provider and medical entrepreneur, 944

Bondurant, Stuart. Some means by which medical schools adapt to changing needs, 271

Book reviews

John Chapman Urbaitis: *Psychiatric Emergencies*. Nathan Roth, 446

Dewhurst, Kenneth: *Hughlings Jackson on Psychiatry*. Eric T. Carlson, 532

Irving J. lewis and Cecil G. Sheps: *The Sick Citadel: The American Academic Medical Center and The Public Interest*. Stanley S. Bergen, Jr., M.D., 951

Richard Lower: *Vindicatio: A Defense of the Experimental Method.* William B. Ober, 948
Norman Gevitz: *The D.O.'s: Osteopathic Medicine in America.* Shephard H. Splain,
R. Palmer Howard: *The Chief: Doctor William Osler.* R. Carmichael Tilghman, 1034
Brandt, Edward N., Jr. Technology issues for the new physician, 240
Bridging the gap: nutrition teaching in introduction to medicine and physical diagnosis courses. Darwin Deen, 649
Brown, Roy, 653
Bruce-Chwatt, Leonard Jan: *Essential Malariology.* Book review. Pascal James Imperato, 110
Bruce-Chwatt, Leonard Jan. Ludovicus Monnius, M.D. (1553–1645), 938
Budget projections, and health care outlays, The economic outlook. Paul B. Ginsburg, 14
Burson, Harold. High tech: can it ever replace the 'bedside manner?" 247

C

Cadmium, and mercury, Toxicity of lead: considerations for total parenteral nutrition support. Kathryn R. Mahaffey, 196
Campbell, Robert J. Flashbacks: scenes from psychiatry's revolutions, 479
Cancer in Crohn's disease, Intestinal. Roy G. Shorter, 980
Carbon dioxide laser arytenoidectomy. Allan L. Abramson, 825
Cardiovascular epidemiology since 1950, Changes in. Manning Feinleib, 449
Care, Block grants in ambulatory: the role of local health departments. Stuart H. Shapiro, 34
Care in the United States, The influence of the health maintenance organization experience on medical. Raymond Fink, 465
Care, health: a corporate perspective. William M. Ellinghaus, 254
Care outlays, The economic outlook, budget projections, and health. Paul B. Ginsburg, 14
Care, Restructuring the financing of health: more stringent regulation of utilization. Bruce C. Vladeck, 89
Care through Social Security, Financing hospital. Alicia H. Munnell, 20
Carlson, Eric T. Book review. Kenneth Dewhurst: *Hughlings Jackson on Psychiatry,* 532
Cassell, Eric J. Practice versus theory in academic medicine: the conflicts between house officers and attending physicians, 297
Castellani, Aldo, 1874–1971. Kasuke Ito,
Cataract surgery and the management of aphakia, Advances in. Michael J. Newton, 441
Centers, A view of academic medical. Irving J. Lewis, 494
Cephalosporins in adult meningitis. Thomas R. Beam, Jr., 380
Cephalosporins in obstetrics and gynecology, The nonprophylactic role of. Jack Lefrock, Bruce R. Smith, Abdolghader Molavi, 416
Cephalosporins in respiratory and upper tract renal infections in hospitalized patients? Is it reasonable to use. Robert L. Perkins, 403
Cephalosporins in surgery, The nonprophylactic role of. Jack Lefrock, Abdolghader Molavi, and Bruce R. Smith, 394
Cephalosporins: significance in clinical practice, The pharmacokinetics of new. Harold C. Neu, 327
Changes in cardiovascular epidemiology since 1950. Manning Feinleib, 449
Chief: Doctor William Osler, The. R. Palmer Howard. Book review. R. Carmichael Tilghman, 1034
Chernin, Eli. Two physicians, a landscape architect and malaria, 932
Chromium in parenteral nutrition, Zinc and. Khursheed N. Jeejeebhoy, 118
Chromium in total parenteral nutrition solutions, Availability and physiochemical stability of zinc and. George Tsallas, 125
Clark, Duncan W. Presentation of academy plaque to August H. Groeschel, M.D., 785
Clark, Duncan W. Medical societies and the New York Academy of Medicine, 994
Clinical nutrition course at Louisiana State University School of Medicine at New Orleans. Alfred Lopez-S, 633
Colp, Ralph, Jr. Notes on Dr. William S. Halsted, 876
Comment on microwave oven burns by Henry Fleck, M.D. John M. Opsepchuk, 846
Committee on Public Health of the New York Academy of Medicine, The. Resolution concerning the definition of death, 955
Committee on Public Health of the New York Academy of Medicine, The. Resolution con-

cerning federal legislation and research on indoor air pollution, 106
Committee on Public Health of the New York Academy of Medicine, The. Resolution concerning the disposal in New York City of biomedical waste containing *de minimis* levels of radioactivity, 213
Competition, Increased consumer cost-consciousness and. Jack A. Meyer, 98
Concluding remarks. Harold C. Neu, 439
Conferences (see also Symposia)
Restructuring the Financing of Health Care in the Eighties, 5
Conflicts and collaboration: nurse-physician issues in the hospital. Stanley Reichman, 819
Cooper, Theodore. Tomorrow's physician, 226
Copper in parenteral nutrition. Moshe Shike, 132
Corporate demands of physicians: the sculpting of future supplies by disciples of Adam Smith. Christopher York, 233
Corporate perspective, Health care: a. William M. Ellinghaus, 254
Cost-consciousness and competition, Increased consumer. Jack A. Meyer, 98
Crohn's disease, Intestinal cancer in. Roy G. Shorter, 980
Current status of antibiotic prophylaxis in surgical patients. David N. Gilbert, 340

D

Dansby, Thomas, J. and Polisar, Ira A. Tuberculosis of the ear, 1016
Data on nutrition courses and electives for the regional nutrition center. Barbara C. Lowell, 613
Dedication to Jose M. Ferrer, M.D. Marianne J. Legato, 222
Deen, Darwin. Bridging the gap: nutrition teaching in introduction to medicine and physical diagnosis courses, 649
Derzon, Robert A. Medicare, the aged and disabled, 66
Diagnosis courses, Bridging the gap: nutrition teaching in introduction to medicine and physical. Darwin Deen, 649
Diagnosis related groups: their role in the reimbursement system. Jeffrey C. Merrill, 514
Different approach to the clinical education of physicians, A. Robert H. Ebert, 281
Disabled, Medicare, the aged and. Robert A. Derzon, 66
Discrete nutrition courses vs. the integrated approach. Myron Winick, 610
Dole, M.D., Presentation of academy medal to Vincent P. Maclyn McCarty, 790
Drugs, more complications—old drugs, new complications: drug related sequelae of neonatal intensive care, New. E. George Kassner, 504

E

Ear, Tuberculosis of the. Thomas J. Dansby and Ira A. Polisar, 1008
Ebert, Robert H. A different approach to the clinical education of physicians, 281
Economic outlook, budget projections, and health care outlays, The. Paul B. Ginsburg, 14
Education for medical students at the University of Maryland, Nutrition. Frank Iber, 627
Education of physicians, A different approach to the clinical. Robert H. Ebert, 281
Education or training? the medical school years. Robert W. Berliner, 260
Education, Trends in clinical nutrition. Eleanor Young, 542
Eighteenth century health care provider and medical entrepreneur, An. Lester Blum, 944
El Plomo: a paleopathological study, The prince of. Patrick D. Horne, 925
Elderly, Maintaining visual functions in the. Eleanor E. Faye, 887
Elements II—iron, Parenteral trace. James D. Cook, 156
Epidemiology since 1950, Changes in cardiovascular. Manning Feinleib, 449
Ellinghaus, William M. Health care: a corporate perspective, 254
Essential Malariology. Leonard Jan Bruce-Chwatt. Book review. Pascal James Imperato, 110

F

Faculty forest. The medical school student and the. August G. Swanson, 290
Faye, Eleanor E. Maintaining visual functions in the elderly, 987
Federal legislation and research on indoor air pollution, Resolution concerning. The Committee on Public Health of the New York Academy of Medicine, 106
Fees, Revising the balance of health benefits and fixed physicians'. Anne R. Somers, 79
